R-Ladies Munich

First meetup

Servus!

We're R-Ladies Munich!

We're part of a worldwide organization to promote gender diversity in the R statistical computing community.

1.

R-Ladies Global

History | Mission Statement | Code of Conduct

History

- Gabriela de Queiroz, Data Scientist
- San Francisco, Oct 2012
- 770 members, 30+ past meetups
- London, Jan 2016
- 694 members, 15 past meetups
- 47 chapters as of Apr 2017 (including Paris, Melbourne, Istanbul, Tbilisi, Barcelona, Buenos Aires, Taipei, Berlin, and across the US)

14%

R package developers are women

30%

Female participants at useR! 2016

41%

Scientific/Analytical Occupations (American Community Survey 2014)

Mission

- To improve the participation and experience of women in the R community.
- To achieve a proportionate gender representation in the R community

To support R enthusiasts who identify as female to help them achieve their programming potential by building a collaborative network of R leaders, mentors, learners and developers to facilitate individual and collective progress worldwide.

Code of Conduct

R-Ladies is dedicated to providing a harassment-free experience for everyone. We do not tolerate harassment of participants in any form.

This code of conduct applies to all R-Ladies spaces, both offline and online, including: meetups, Twitter, Slack, mailing lists. Anyone who violates this code of conduct may be sanctioned or expelled from these spaces at the discretion of the Founding Members (...)

If you are being harassed by a member/guest/participant of/at R-Ladies, notice that someone else is being harassed, or have any concerns, please contact the Founding Members via reporting@rladies.org

2. R-Ladies Munich

When | Who | Why

Maggie Chak

- Originally from Hong Kong
- Studies Epidemiology at the LMU

Dan Huang

- Originally from China
- Studies Epidemiology at the LMU

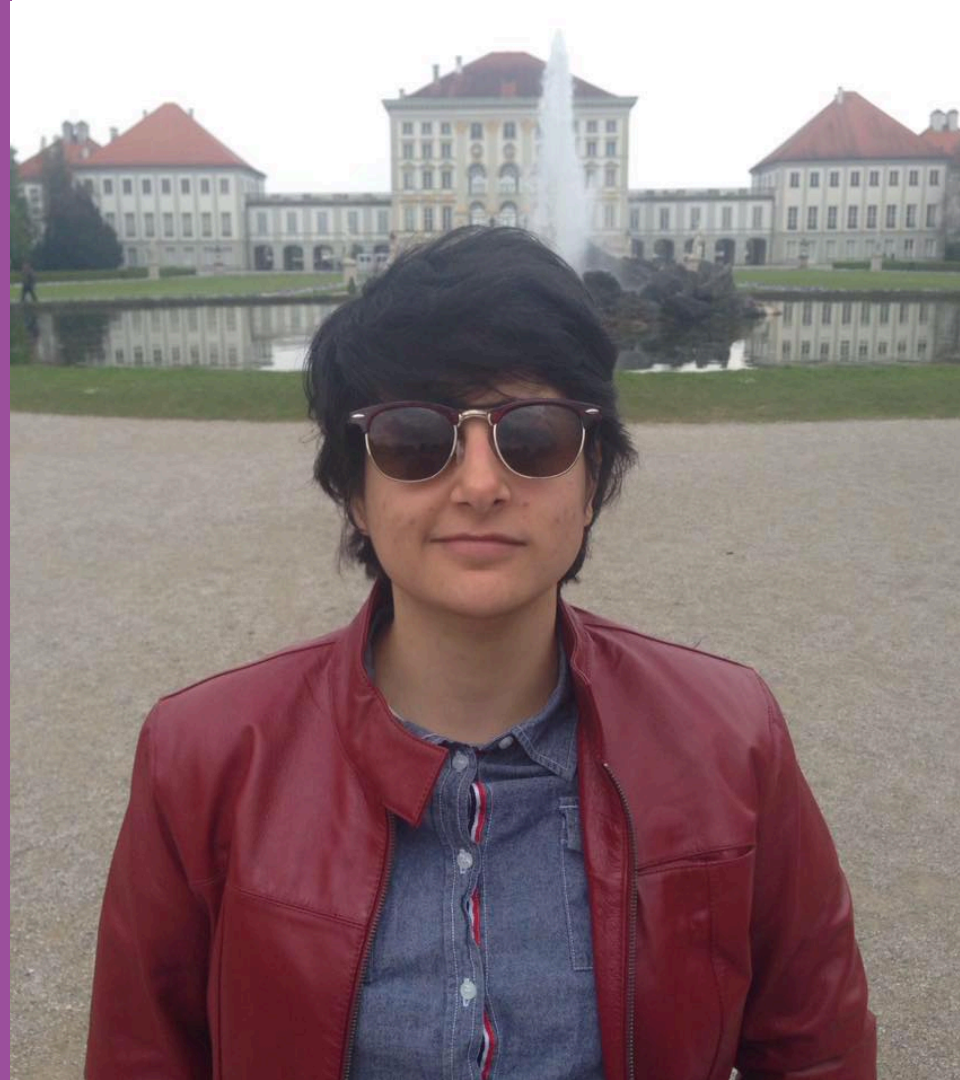

Pamela Matías

- Originally from Mexico
- Studies Epidemiology at the LMU

Daloha Rodríguez Molina

- Originally from Venezuela.
- PhD candidate in the Epidemiology program at the LMU.

These are our main objectives:

- To make R more popular and accessible (especially for women living in Munich).
- To promote R as a programming and statistical software and language.
- To exchange ideas and knowledge.
- To create a friendly network among women who use R.
- To create a safe environment for women to learn R or improve their R skills.

R-Ladies Munich

Why are we here

To improve R knowledge

To meet new people

To expand our professional network

To get involved in the R community in general

What we expect

Presentations and or workshops every two months

Informal networking

OUR SPONSORS

Financial Support
Grant: R User Group
Support Program at
the vector level

Stickers!!!
yay!!!
