## useR! International R User 2017 Conference

Jul 04–7, 2017

Wild Gallery - Brussels, Belgium

The annual useR! conference is the main meeting of the international R user and developer community. Its program consists of both invited and user-contributed presentations.

The invited keynote lectures cover a broad spectrum of topics ranging from technical and R-related computing issues to general statistical topics of current interest.

The user-contributed presentations and posters are...
